GREENSBURG, PA — Collin Warren, candidate for Representative in the General Assembly in the 57th legislative district, is very proud to announce the endorsement of The Pennsylvania chapter of the American Federation of Labor and Congress of Industrial Organizations!

Collin responded to the endorsement with gratitude, and re-expressed his commitment to their cause:

“Unions are the first, middle, and last line of defense for the well-being of thousands of families in the 57th. To defend them is to defend my people.”

Comprised of an estimated 900,000 members, the PA AFL-CIO is the backbone of the modern workers’ rights movement. They are the formidable fighting force on the frontlines of collective bargaining and politics. In staying true to their noble mission, Collin pledges to uphold the fair wages, affordable healthcare, and job safety they work every day to promote and sustain.

Collin is prepared to not only stand-by labor unions and Pennsylvanian workers in the public sphere, but to translate their concerns into powerful and effective policies in Harrisburg. Keeping-up with bills and putting food on the table is difficult enough without having to worry about being disrespected and abused by your employer. Collin is invested in maintaining the values of workplace equality, security, and dignity shared by the PA AFL-CIO, and is honored to have earned their support.

That is why a vote for Collin Warren in November is a vote for your job, a vote for your rights, and a vote for your union.
