GREENSBURG, PA — Collin Warren, candidate for Representative in the General Assembly in the 57th legislative district, is proud to accept the endorsement of the United Automobile Workers Community Action Program Council, UAW Region 9!

UAW Region 9 is a chapter of the renowned International Union, United Automobile, Aerospace, and Agricultural Implement Workers of America which supports workers across New York, Pennsylvania, and New Jersey. They are a proud and vital pillar of our labor community. Whether it is feeding patients at the Buffalo VA Hospital through their Veteran Committee, engaging local officials to protect worker's rights, or advocating to maintain American jobs, UAW Region 9 continually fights for our working class. Collin Warren is inspired by their efforts and prepared to protect and support unions as your representative.

In a time when it seems politicians forget the workers who built their communities, it is critical we continue to sustain the labor movement. Working people are, undeniably, the foundation of our proud state, and we do right to stand by them and the unions who represent them at the negotiating table. You deserve a legislature that cares about your well-being by maintaining safety regulations, fair wages, and battling worker exploitation in all its ugly forms. Collin Warren is running to make that a reality; and that is why he is honored today to have the backing of UAW Region 9.
